

KEYLINE PLOW DEMONSTRATION

Friday, June 14th 2019, 1:00 - 3:00 pm

Cerro Alto Ranch, 2710 Turri Rd

Hosted by CSLRCD and MBNEP

**Watch a live Keyline Plow
demonstration on contoured rangeland**

**See a side-by-side comparison of
conventional and improved rangeland**

**Talk with ranchers and operators about
their experience with the Keyline Plow**

What is Keyline Plowing?

Keyline Plowing increases soils water holding capacity while minimizing disturbance to forage and root structure. The plow is fitted with individual shanks that lift and loosen soil, rather than ripping, leaving soil structure intact.
